Whitbread

- Premier Inn Hub Hotel in Shoreditch, London
- Premier Inn Hub Hotel and Grade A Office design in Farringdon, London

Ark

Sustainable design of an 'Educational City' including a Primary School, Youth Centre and a charity-headquarters Grade A Office with Town Hall community space, in White City, London.

Natalie specialises in assessing New Construction, Refurbishments and carrying out BREEAM In Use inspections.

Natalie is a qualified BREEAM Assessor with experience in the sustainability sector covering New Construction and Refurbishments. She led the Sustainability process for a prestigious Office building design for the London Kings Cross redevelopment and has worked with Vengrove on their Premier Inn Hub Hotel sites through the design stages to post-construction.

Natalie previously worked as a Facilities Officer for an Investment Bank in Mayfair and is a keen writer, with a Proofreading qualification with SfEC.

Natalie joined Envision Sustainability this year, having spent the last 3 years in a multi-national building services consultancy, advising on and assessing BREEAM projects across London.

She is now working on a variety of New Construction and BREEAM in Use projects; with a focus on helping clients to deliver the principles of sustainability for existing buildings.
